Add the wholesale price of all tobacco products sold to other distributors from all Forms TP-12 you are filing for the month listed in Step 1. Transfer this grand total amount to Form TP-1, Step 2, Line 12.

The wholesale price is the established list price for which a manufacturer sells tobacco products to a distributor. In the absence of an established list price, the manufacturer's invoice price at which he or she sells the tobacco products to an unaffiliated distributor will be used as the wholesale price. The wholesale price is the price established before any discount, trade allowance, rebate, or other reduction.
