

Illinois Department of Revenue
Schedule 1299-S

**Enterprise Zones, Foreign
Trade Zones, and Sub-Zones**

Enterprise zones are economically distressed areas (12 to 15 square miles) in Illinois that qualify for special tax incentives once they are designated by the state and participating local governments.

Portions of the municipalities and counties listed have been designated as enterprise zones. For further information, please contact the local zone administrator.

Foreign or "free" trade zones or sub-zones are secured areas legally outside a nation's customs territory. In Illinois, foreign trade zones are located in portions of Chicago, Granite City, Peoria, Rock Island, and Moline. For further information, please call the zone project contact person.

For the name of your zone administrator or zone project contact person, please call us at **1 800 732-8866, 217 782-3336**, or our TDD (telecommunications device for the deaf) at **1 800 544-5304**.
