

General Information

What is the purpose of Schedule K-1-P?

The partnership or the S corporation listed on the front of Schedule K-1-P has completed and provided you with the schedule that reflects your specific share of the partnership's or the S corporation's income, modifications, and credits. Use this completed schedule and these instructions to help you report the items shown on Schedule K-1-P on your Illinois Income Tax return. **Attach a copy of Schedule K-1-P to your tax return and keep a copy for your records.**

Note Nonresident partners or shareholders of a partnership or S corporation doing business in Illinois may qualify to file a group nonresident return on Form IL-1023-C, Illinois Composite Income and Replacement Tax Return. For more information see Form IL-1023-C Instructions.

What must I attach?

You **must** attach a copy of **any Schedule K-1-P** you receive from partnerships and S corporations to your tax return. You should also keep a copy for your records.

What if the partnership is an investment partnership?

If the partnership that completed the Schedule K-1-P wrote "investment partnership" in Step 1, Line 4, all of the income you receive from the partnership is usually treated as nonbusiness income that is allocable to your state of residence (individuals) or state of commercial domicile (all other persons or entities). However, the income you receive from the partnership will be treated as business income if your investment in the partnership is related to another business activity of yours or serves an operational function to another business activity of yours or where your contribution to the partnership was made out of working capital from your trade or business. If your income is treated as business income, you must apportion it as if you had earned the income directly, rather than through the partnership. The apportionment should be completed on the correct forms, as follows:

Individuals - use Form IL-1040, Schedule NR;

Trusts and Estates - use Form IL-1041, Schedule NR;

Corporations (excluding S corporations) - use Form IL-1120 and complete Step 4, Figure your income allocable to Illinois.

S corporations or partnerships - use the appropriate tax return (Form IL-1120-ST, or Form IL-1065) and complete Step 6, Figure your income allocable to Illinois.

What if I am engaged in a unitary business with this partnership?

If you are engaged in a unitary business with this partnership, the partnership should have attached a schedule showing your share of the partnership's apportionment factors and business income. You must determine the portion of your business income taxed by Illinois by adding your share of the partnership's business income and apportionment factors to your own business income and apportionment factors.

What if I believe the partnership or the S corporation has made an error on my Schedule K-1-P?

If you believe the partnership or the S corporation has made an error on your Schedule K-1-P, notify the partnership or the S corporation and ask for a corrected Schedule K-1-P. Do not change any items on your copy.

What does Column A represent?

Column A represents your specific share of the partnership's or the S corporation's income, modifications, and credits. The partnership or the S corporation is required to complete this column if you were a partner or shareholder at any time during the partnership's or the S corporation's tax year. If you were a resident of Illinois on the last day of the partnership's or S corporation's taxable year, only Column A will be completed and all amounts in Column A must be included as income, modifications, and credits allocated to Illinois. If you were not a resident of Illinois on the last day of the partnership's or S corporation's taxable year, Column B also will be completed. See "What does Column B represent?"

What does Column B represent?

Column B represents the portion of Column A that is allocated or apportioned to Illinois. The partnership or the S corporation is required to complete this column if you were not a resident of Illinois on the last day of the partnership's or the S corporation's tax year. Make sure the amounts reported in Column B are included in the Illinois amounts reported on your
