General Information

What is the purpose of Schedule K-1-T?

The purpose of Schedule K-1-T, Beneficiary's Share of Income and Deductions, is for you to supply each individual or entity who was a beneficiary at any time during your tax year with that individual's or entity's share of the amounts you reported on your federal income tax return and your Illinois income tax return.

For Illinois Income Tax purposes, you **must** give a completed Schedule K-1-T **and** a copy of the Schedule K-1-T(2), Beneficiary's Instructions, to each beneficiary if any part of your income is paid, credited, distributed, or deemed to have been paid, credited, or distributed by you to that beneficiary. This must be done by the due date, including any extended due date, of your Form IL-1041.

Do not attach any Schedule K-1-T that you complete and issue to your beneficiaries to your Form IL-1041. However, you must

- keep a copy of each Schedule K-1-T available for inspection by our authorized agents and employees, and
- attach any Schedule K-1-T issued to you by another trust or estate, as described in Schedule K-1-T(2), Beneficiary's Instructions.

What is a resident?

A resident is

- an individual who is present in Illinois for other than a temporary or transitory purpose;
- an individual who is absent from Illinois for a temporary or transitory purpose but who is domiciled in Illinois;
- the estate of a decedent who at his or her death was domiciled in Illinois;
- a trust created by a will of a decedent who at his or her death was domiciled in Illinois; or
- an irrevocable trust, whose grantor was domiciled in Illinois at the time the trust became irrevocable. For purposes of this definition, a trust is irrevocable to the extent that the grantor is not treated as the owner of the trust under Internal Revenue Code Sections 671 through 678.

What is a nonresident?

A nonresident is a person who is not a resident, as previously defined. Corporations, S corporations, and partnerships are considered nonresidents for purposes of Schedule K-1-T.

What is business income?

Business income means all income, other than employee compensation, that may be apportioned by formula among the states in which you are doing business without violating the Constitution of the United States. All income of a trust or estate is business income unless it is clearly attributable to only one state and is earned or received through activities totally unrelated to any business you are conducting in more than one state. Business income is net of all deductions attributable to that income.

When is business income allocable to Illinois?

For a resident of Illinois, all income received, regardless of the source, is allocable to Illinois.

For a nonresident of Illinois whose business income is derived

- wholly inside Illinois, the entire amount of business income is allocable to Illinois.
- wholly outside Illinois, none of the business income is allocable to Illinois.
- inside and outside Illinois, a portion of your business income is allocable to Illinois on your Schedule NR (Form IL-1041), Nonresident Computation of Fiduciary Income, Step 6. See Schedule NR instructions.
- from S corporations, partnerships and other fiduciaries, the business income paid to this fiduciary may be allocable to Illinois. See the Illinois Schedule K-1-P, Partner's or Shareholder's Share of Income, Deductions, Credits, and Recapture, furnished by the S corporation or partnership or the Illinois Schedule K-1-T furnished by the other fiduciary to determine what income is allocable to Illinois.

What is nonbusiness income?

Nonbusiness income is all income other than business income or employee compensation. It is income you can clearly classify as having no connection to your business.

When is nonbusiness income allocable to Illinois?

For a resident of Illinois, all nonbusiness income is allocable to Illinois.

For a nonresident of Illinois, items of income and deduction that constitute nonbusiness income are allocable to Illinois according to the following rules:

- **Interest and dividend income** received by a nonresident individual, trust, or estate is not allocable to Illinois. Interest and dividend income of partnerships or corporations is allocable to Illinois if the entity's commercial domicile was in Illinois at the time the interest or dividend was paid or accrued.
- **Net rents and royalties:**
 - **Real property** - Rents and royalties from real property are allocable to Illinois only if the property is located in Illinois.
 - **Tangible personal property** - Rents and royalties from tangible personal property are allocable to Illinois to the extent that the property is used in Illinois. The extent of use of tangible personal property in a state is determined by multiplying the rents and royalties derived from the property by a fraction. The numerator is the number of days of physical location of the property in Illinois during the rental and royalty period in the tax year, and the denominator is the number of days of physical location of the property everywhere during all rental or royalty periods in the tax year.
- **Patent and copyright royalties** are allocable to Illinois to the extent that the patent or copyright is used in Illinois.

A **patent** is used in Illinois to the extent that it is employed in production, fabrication, manufacturing, or other processing in Illinois or to the extent that a patented product is produced in Illinois.

A **copyright** is used in Illinois to the extent that printing or other publication originates in Illinois.

- **Gains and losses** from sales or exchanges of real or tangible personal property are in Illinois if the property is located in Illinois at the time of the sale or exchange. Gains or losses from the sale or exchange of intangible personal property are allocable to the state of residence or commercial domicile of the beneficiary.
- **Income from S corporations, partnerships and other fiduciaries** paid to this fiduciary is allocable to Illinois as if your beneficiary received it directly. See the Illinois Schedule K-1-P furnished by the S corporation or partnership or the Illinois Schedule K-1-T furnished by the other fiduciary to determine what income is allocable to Illinois.
- **Illinois State Lottery winnings** are allocable to Illinois.
- **Other unspecified items** of income or deduction of a non-resident individual or fiduciary are not allocable to Illinois. Unspecified items of income or deduction for partnerships or corporations, including S corporations, are allocable to Illinois if the entity's commercial domicile was in Illinois at the time the item was paid or accrued.
