

What is new for 2011?

- The Research and Development Credit scheduled to expire December 31, 2010, has been extended through tax years ending on or before December 31, 2015. If you are a fiscal year filer and did not claim any Research and Development Credit on your return for a tax year ending in 2011, you may amend your return for that tax year to claim the credit, as if the credit never expired.
- **Short-year filers:** For tax years beginning on or after January 1, 2012, a **Live Theater Production Tax Credit** and a **River Edge Historic Preservation Credit** are available. These credits are administered by DCEO, cannot reduce your tax liability below zero, and provide a five-year carryforward for any excess credit unused in the earned year.
- Any tax credit scheduled to expire in 2011, 2012, and 2013, as required in the Illinois Income Tax Act, has been extended by adding five years to the named expiration date.
- For tax years beginning on or after January 1, 2011, and ending on or before December 31, 2016, an **Angel Investment Credit** may be claimed in an amount equal to 25 percent of an investment made directly in a qualified new business. See Schedule 1299-A Instructions for more information.
- **The New Markets Credit is allowed for qualified investments made between 2008 and 2017** in a community development entity. Credits are allowed on the second anniversary of the investment (tax years ending on or after December 31, 2010), and the next four anniversaries. See Schedule 1299-A Instructions for more information.
- For tax years beginning on or after January 1, 2010, the Veterans Jobs Credit has been increased to the lesser of 10 percent of wages or \$1,200 per qualifying employee.

General Information

Who must file Form IL-1065-X?

You should file Form IL-1065-X if you are amending a previously filed, processable Form IL-1065, Partnership Replacement Tax Return, for a tax year ending **on or after** December 31, 2006. Your change can occur from a state or federal change that affects items used to compute your Illinois net income, net loss, or credits, such as

- an amendment of your federal income tax return,
- an adjustment made by the Internal Revenue Service (IRS), or
- any other recomputation or redetermination.

A separate amended return must be filed for each tax year you need to amend.

Note Use Form IL-843, Amended Return or Notice of Change in Income, and the corresponding year's Form IL-1065, to amend tax years ending **prior to** December 31, 2006.

What if I need to change my return before the extended due date expires?

If you filed your original Form IL-1065 and a state or federal correction or change needs to be made before the extended due date expires (see the instructions of your original return), you should file Form IL-1065-X. Due to the automatic extension, any return filed after the original return and on or before the extended due date will be treated as the original return.

If you are filing Form IL-1065-X to change the election on your original return to treat all income other than compensation as business income, mark the box in Step 1, Line H, and provide a written explanation indicating the change to your election on Form IL-1065-X, Step 2.

How long do I have to amend my return?

The amount of time you have to amend your return depends on whether your Form IL-1065-X is being filed to report a state or federal change.

State change - If your change creates or increases the Illinois net loss for the year, you must file Form IL-1065-X showing the increase in order to carry the increased loss amount to another year.

If your change decreases the tax due to Illinois and you are entitled to a refund, you must file Form IL-1065-X within

- three years after the due date of the return (including extensions),
- three years after the date your original return was filed, or
- one year after the date your Illinois tax was paid, whichever is latest.

If your change increases the tax due to Illinois, you should file Form IL-1065-X and pay the tax, penalty, and interest promptly.

Federal change - You should not file this form until you receive a federal finalization notification from the IRS stating that they have accepted your change, either by paying a refund, or by final assessment, agreement, or judgment.

If your federal change decreases the tax due to Illinois and you are entitled to a refund, you must file Form IL-1065-X within two years plus 120 days of federal finalization.

If your federal change increases the tax due to Illinois, you must file Form IL-1065-X and pay any additional tax within 120 days of IRS partial agreement or finalization. In order to avoid late payment penalties, you must attach proof of the federal finalization date, showing the change was reported to Illinois within 120 days of IRS acceptance, or you may be assessed a late-payment penalty.

Note If you fail to notify us of your change by filing Form IL-1065-X, we may issue a notice of deficiency at any time. Once you file your change, we may issue a notice of deficiency within two years.

What if my amended return involves an Illinois net loss deduction (NLD)?

If you have an Illinois NLD carryover from any loss year ending on or after December 31, 1986, it is subtracted from and limited to base income allocable to Illinois.

To determine your "Illinois net loss" start with your total unmodified base income and apply all addition and subtraction modifications, and all allocation and apportionment provisions.

If you are carrying an Illinois NLD, you must complete and attach Illinois Schedule NLD, Illinois Net Loss Deduction, and claim the deduction on Step 8, Line 48. See Specific Instructions for Step 8, Line 48.

Do not file Form IL-1065-X to report an Illinois NLD carryforward until **after** you have filed the loss year Form IL-1065 or Form IL-1065-X, or Form IL-843 (for tax years ending prior to December 31, 2006) reporting

the loss. When you file Form IL-1065-X, you must attach a completed Illinois Schedule NLD. **Failure to attach the correct and completed schedule could result in partial or total denial of your claim.**

If you need more information, visit our web site at tax.illinois.gov and view the Illinois Income Tax Regulations, Sections 100.2050 and 100.2300 through 100.2330.

Who should sign the return?

Your Form IL-1065-X must be signed by a partner or any other officer duly authorized to sign the return. In the case of a bankruptcy, a receiver, trustee, or assignee must sign any return required to be filed on behalf of the partnership. Any person paid to prepare the return (other than a regular, full-time employee of the taxpayer, such as a clerk, secretary, or bookkeeper) must provide a signature, date the return, and write the preparer's taxpayer identification number. If the preparer is an employee or partner of a firm or corporation, the preparer must also provide the firm's name, address, and instead of the preparer's taxpayer identification number, the preparer must provide the firm's FEIN. Self-employed preparers must provide their own name, address, and taxpayer identification number in the appropriate spaces.

Can a reasonable facsimile be used?

In general, you must obtain and use forms prescribed by the Illinois Department of Revenue. Separate statements not on forms provided or approved by the department will not be accepted and you will be asked for appropriate documentation. **Failure to comply with this requirement may result in failure to file penalties, delay the processing of your return, or generating any refund.** Additionally, failure to submit appropriate documentation when requested may result in a referral to our Audit Bureau for compliance action.

Partnerships must complete Form IL-1065-X. Do not send a computer printout with line numbers and dollar amounts attached to a blank copy of the return. Computer generated printouts are not acceptable, even if they are in the same format as the department forms. Computer generated forms from a department-approved software developer are acceptable.

What are the penalties and interest?

Penalties — You will owe

- a **late-filing penalty** if you do not file a processable return by the extended due date;
- a **late-payment penalty** if you do not pay the tax you owe by the original due date of the return;
- a **bad check penalty** if your remittance is not honored by your financial institution;
- a **cost of collection fee** if you do not pay the amount you owe within 30 days of the date printed on your bill.

Interest — The interest rate is the "short-term federal rate" for the first year that the overpayment or underpayment accrues interest. This rate is set by the IRS under IRC Section 6621. After one year, interest will accrue on any remaining balance at the underpayment rate, which is also set by the IRS under IRC Section 6621, and is three percent higher than the short-term federal rate.

Note → For more information about penalties and interest, see Publication 103, Penalties and Interest for Illinois Taxes. To receive a copy of this publication, see "What if I need additional assistance or forms?" for our phone numbers and addresses.

What must I attach to my Form IL-1065-X?

This form must contain a complete explanation of the reasons for filing the claim or amendment. You **must** attach proof of the federal finalization date and any required schedules or forms (or reasonable facsimiles) to support your claim. If Form IL-1065-X is submitted without the proper attachments it may be partially or totally denied.

If you are filing Form IL-1065-X because

- you filed an amended federal return and your tax due to Illinois decreases, you must attach proof of the federal finalization date, a copy of that return, plus any other related forms, schedules, or attachments, including a signed and dated copy of any federal report of income tax examination changes, if applicable.
- you filed an amended federal return and your tax due to Illinois increases, you must attach proof of the federal finalization date, including a signed and dated copy of any federal report of income tax examination changes, if applicable, showing the change was reported to Illinois within 120 days of IRS acceptance, or you may be assessed a late-payment penalty.
- of a change by the IRS, you must include all copies of the federal examining officer's reports, including preliminary, revised, corrected, and superseding reports, and a signed and dated copy of any federal report of income tax examination changes, if applicable.
- you copied information incorrectly from your federal Form 1065 onto your Form IL-1065, you must include a copy of your federal Form 1065.
- of a change in, or audit of, another state's tax return, you must include a copy of the other state's corrected return or the examining officer's reports.
- of an Illinois net loss carryback, you must include a completed Illinois Schedule NLD. See Specific Instructions for Step 8, Line 48.
- of changes, other than those described above, see Form IL-1065 Instructions and any schedules for the year you are changing to determine what attachments you must provide.

Specific Instructions

For instructions regarding completion of Steps 1, and 3 through 9, refer to the Form IL-1065 Instructions and schedules for the year being amended.

Specific instructions for most of the lines are included. Lines that are not discussed in the instructions are self-explanatory.

Write the tax year you are amending in the space provided at the top of Form IL-1065-X.

Step 1: Provide the following business information

A — All taxpayers: Type or print your legal business name. If you have a name change from your original return, check the corresponding box.

B — Complete Line B and check the corresponding box **only** if you have an address change from your original return. **Do not complete Line B** if the information is the same as last year.

C — Check the box if you are filing this form only to report an increased net loss and no refund will result. Complete Steps 2 through 6, Step 7, if applicable, and Step 8, Line 47. Sign the return in Step 11 and leave the rest of the form blank.

F — Unitary Business Group — If you are a member of a unitary business group, where corporate members file a combined return, check the box and write the federal employer identification number (FEIN) of the member who is filing Illinois Schedule UB.

G — Write your North American Industry Classification System Code (NAICS). If you are unsure of your code, you can research the information at <http://www.census.gov/eos/www/naics/> or www.irs.gov.

H — Check the appropriate box for the reason you are filing this return. If you are amending due to a federal change, you **must** check the appropriate box for partial agreed or finalized, and include the date of IRS finalization, **not** the date the federal change was filed. Please attach a dated copy of the federal examining officer's report. If you do not provide this date, you may be assessed penalties and interest.

I — If you are filing Form IL-1065-X before the extended due date, and wish to make the election to treat all income, other than compensation, as business income, check this box. If you previously had nonbusiness income on Form IL-1065, Step 6, Lines 36 and 44, you must reduce these amounts to zero on this Form IL-1065-X. This election must be made by the extended due date of the original tax return. Once made, the election is irrevocable. If you are filing Form IL-1065-X after the extended due date of the original return **and** did not make the election on your most recent return filed before the extended due date, you cannot check this box.

J — If you have completed federal Form 8886 or Schedule M-3 to report a tax shelter and you did not attach a copy to the original return, check the appropriate box and attach a copy of the federal form or schedule to this return. If you are filing this return because of changes associated with federal Form 8886 or Schedule M-3, provide a detailed explanation in Step 2.

K — You must check the box and attach Schedule IL-4562, Special Depreciation, if you are claiming special depreciation addition or subtraction modifications on Form IL-1065-X, even if the amounts are not changing from your original return.

L — You must check the box and attach Schedule M, Other Additions and Subtractions (for businesses) if you are claiming other addition or subtraction modifications on Form IL-1065-X, even if the amounts are not changing from your original return.

M — You must check the box and attach Schedule 80/20, Related-Party Expenses if you are claiming related-party expenses modifications on your Form IL-1065-X, even if the amounts are not changing from your original return.

N — Check the box if you are claiming certain deductions or credits listed on Illinois Schedule 1299-A, Tax Subtractions and Credits. You must check the box on Line I and attach Illinois Schedule 1299-A to your tax return to support any deductions or credits you are claiming or passing to your shareholders.

Step 2: Explain the changes on this return

The purpose of Step 2 is to allow you to explain what specific changes you made to your Illinois tax return. You should include all relevant information, including, but not limited to, changes made to

- specific addition and subtraction modifications,
- unitary membership or unitary status,
- the business income election,
- credit or credit recapture amounts,
- the Illinois net operating loss deduction, and
- the federal or other state return that caused changes to the Illinois return.

You must provide an explanation for each line item you change.

General Information for Steps 3 through 9

Column A — Write the amounts from your most recently filed return or as most recently adjusted for the year that you are amending. This may be your original Form IL-1065 or as previously amended.

Column B — Write the correct amount for each line in Column B.

For each line item you change, you must provide an explanation for that change in Step 2.

Note → If you are filing this form only to report an increase in your Illinois net loss and the change will not result in a refund, see the instructions for Step 8, Line 47.

Steps 3 and 4: Figure your ordinary income or loss and Figure your unmodified base income or loss

Lines 1 through 13 — Refer to your Form IL-1065, Steps 2 and 3, Specific Instructions, for the year being amended.

Note → Do not apply your Illinois net loss deduction amount from Illinois Schedule NLD in this step. NLDs are reported on Step 8, Line 48.

Steps 5 and 6: Figure your income or loss and Figure your base income or loss

Lines 15 through 22 and Lines 24 through 33 — List each item and the amount on the line provided. You must identify all subtractions and attach all of the required supporting documentation.

Note → If you need to make a correction to Line 21 or Line 27, use the worksheet located in the Schedule B Instructions (Form IL-1065 Instructions) to figure the correct amounts.

Line 35 — This is your base income or loss. If your base income or loss is derived solely inside Illinois, write this amount on Step 8, Line 47, and complete the rest of the return. If your base income or loss is derived inside and outside Illinois, continue to Step 7 and complete the rest of the return.

Step 7: Figure your income allocable to Illinois

Complete Step 7 only if you originally completed this step, or you need to make a change that affects your base income or loss allocable to Illinois. Refer to Form IL-1065, Step 6, Specific Instructions, for the year being amended.

Lines 36 and 44 — If you elected to treat all of your income other than compensation as business income on your original tax return, you must follow that election by writing zero on Form IL-1065-X, Lines 36 and 44. If you are filing Form IL-1065-X before the extended due date and are making the election to treat all nonbusiness income as business income, Column B, Lines 36 and 44 should be reduced to zero.

Step 8: Figure your net income

Line 47 — Follow the instructions on the form. If the amount in Column A reflects income and the corrected amount in Column B reflects a loss, you may be able to carry this loss to other years as an Illinois NLD. See the instructions for Illinois Schedule NLD for more information.

Note → If you are filing this form only to report an increase in your Illinois net loss and the change will not result in a refund, check the box in Step 1, Line C, complete Steps 3 through 6, Step 7, if applicable, and Step 8, Line 47. Complete Step 2, explaining what caused the increase in the Illinois net loss and sign the return in Step 11. Leave the rest of the form blank.

Line 48 — Write your Illinois NLD carryforward amount from an Illinois net loss year ending on or after December 31, 1986. This amount is from your loss year return, Form IL-1065 or any previously filed amended return, reduced by any Illinois net loss applied to an earlier year.

You must attach an Illinois Schedule NLD, Illinois Net Loss Deduction, to support the amount of Illinois NLD claimed.

Line 52 — The standard exemption is \$1,000 multiplied by a fraction in which the numerator is your base income allocable to Illinois and the denominator is your total base income. If you have a change in your tax year end and the result is a period of less than 12 months, the standard exemption is prorated based on the number of days in the tax year. If this is your first or final return, you are allowed the full-year standard exemption.

Step 9: Figure your net replacement tax

Follow the instructions on the form. Be sure to attach any required schedules or forms.

Line 55 — See Illinois Schedule 4255, Recapture of Investment Credits, for more information. You must attach Illinois Schedule 4255 if you have an amount on this line.

Line 57 — See Form IL-477, Replacement Tax Investment Credits, for more information. You must attach Form IL-477 if you have an amount on this line.

Step 10: Figure your refund or balance due

Note → If you are filing this form only to report an increase in your Illinois net loss and a refund will not result, do not complete this step.

Line 62 — Write the total amount of any subsequent tax payments you made with a previously filed Form IL-1065-X, or for any other reason (e.g., responding to a bill). Do not include any penalty and interest you previously paid.

Line 64 — Write the total amount of any overpayment, credit, or refund (whether received or not) reported on your previously filed Form IL-1065 or Form IL-1065-X. Do not include any interest that you received.

Line 66 — Follow the instructions on the form. We will calculate any interest that may be due you and include it in your refund check. Any refund may be reduced to satisfy any outstanding liability.

Note → Overpayments from Form IL-1065-X cannot be credited to next year's return, unless this return is filed before the extended due date of the original return.

Also, we are not required to credit your overpayment against any other liability at your request. If you have not made previous arrangements with us to credit your overpayment against another liability, and we refund your overpayment or credit it against a different liability, you may incur additional penalties and interest on your liability.

Line 67 — Follow the instructions on the form. This is your amount of tax due that must be paid in full if \$1 or more. Make your check or money order payable to “**Illinois Department of Revenue**” and **attach to the first page of this form**. We will compute any penalty or interest due and notify you.

Note → We will apply all payments against tax first, penalty second, and interest third.

Lines 68 through 70 — We will bill you for penalties and interest. If you prefer, you may calculate the penalties and interest you owe on Form IL-2220, Computation of Penalties for Businesses, and write these amounts on the lines provided. For more information see “What are the penalties and interest?” and Publication 103, Penalties and Interest for Illinois Taxes. **If you calculate penalty and interest, be sure that your payment is equal to the amount on Line 70.**

Note → Lines 68 and 69 are applicable only if you wish to self-assess late-filing and late-payment penalties on Form IL-2220. If you do not wish to complete Form IL-2220, we will compute any penalty or interest due and notify you.

If you have a balance due on Lines 67 or 70, be sure to **write the amount you are paying on the top of Page 1 of the Form IL-1065-X and attach your payment to the front of this return.**
