

General Information

What is the purpose of Schedule K-1-T?

The purpose of Schedule K-1-T, Beneficiary's Share of Income and Deductions, is for you to supply each individual or entity who was a beneficiary at any time during your tax year with that individual's or entity's share of the amounts you reported on your federal income tax return and your Illinois income tax return.

For Illinois Income Tax purposes, you **must** give a completed Schedule K-1-T **and** a copy of the Schedule K-1-T(2), Beneficiary's Instructions, to each beneficiary if any part of your income is paid, credited, distributed, or deemed to have been paid, credited, or distributed by you to that beneficiary. This must be done by the due date, including any extended due date, of your Form IL-1041.

Do not attach any Schedule K-1-T that you complete and issue to your beneficiaries to your Form IL-1041. However, you must

- keep a copy of each Schedule K-1-T available for inspection by our authorized agents and employees, and
- attach to your Form IL-1041 any Schedule K-1-T issued to you by another trust or estate, as described in Schedule K-1-T(2), Beneficiary's Instructions.

What is a resident?

A resident is

- an individual who is present in Illinois for other than a temporary or transitory purpose;
- an individual who is absent from Illinois for a temporary or transitory purpose but who is domiciled in Illinois;
- the estate of a decedent who at his or her death was domiciled in Illinois;
- a trust created by a will of a decedent who at his or her death was domiciled in Illinois; or
- an irrevocable trust, whose grantor was domiciled in Illinois at the time the trust became irrevocable. For purposes of this definition, a trust is irrevocable to the extent that the grantor is not treated as the owner of the trust under Internal Revenue Code (IRC) Sections 671 through 678.

What is a nonresident?

A nonresident is a person who is not a resident, as previously defined. Corporations, S corporations, and partnerships are considered nonresidents for purposes of Schedule K-1-T.

What is business income?

Business income means all income, other than employee compensation, that may be apportioned by formula among the states in which you are doing business without violating the Constitution of the United States. All income of a trust or estate is business income unless it is clearly attributable to only one state and is earned or received through activities totally unrelated to any business you are conducting in more than one state. Business income is net of all deductions attributable to that income.

When is business income allocable to Illinois?

For a resident of Illinois, all income received, regardless of the source, is allocable to Illinois.

For a nonresident of Illinois whose business income is derived

- wholly inside Illinois, the entire amount of business income is allocable to Illinois.

- wholly outside Illinois, none of the business income is allocable to Illinois.
- inside and outside Illinois, a portion of your business income is allocable to Illinois on your Schedule NR (Form IL-1041), Nonresident Computation of Fiduciary Income, Step 6. See Schedule NR instructions.
- from S corporations, partnerships, and other fiduciaries, the business income paid to this fiduciary may be allocable to Illinois. See the Illinois Schedule K-1-P, Partner's or Shareholder's Share of Income, Deductions, Credits, and Recapture, furnished by the S corporation or partnership or the Illinois Schedule K-1-T furnished by the other fiduciary to determine what income is allocable to Illinois.

What is nonbusiness income?

Nonbusiness income is all income other than business income or employee compensation. It is income you can clearly classify as having no connection to your business.

When is nonbusiness income allocable to Illinois?

For a resident of Illinois, all nonbusiness income is allocable to Illinois.

For a nonresident of Illinois, items of income and deduction that constitute nonbusiness income are allocable to Illinois according to the following rules:

- **Interest and dividend income** received by a nonresident individual, trust, or estate is not allocable to Illinois. Interest and dividend income of partnerships or corporations is allocable to Illinois if the entity's commercial domicile was in Illinois at the time the interest or dividend was paid or accrued.
- **Net rents and royalties:**
 - Real property** - Rents and royalties from real property are allocable to Illinois only if the property is located in Illinois.
 - Tangible personal property** - Rents and royalties from tangible personal property are allocable to Illinois to the extent that the property is used in Illinois. The extent of use of tangible personal property in a state is determined by multiplying the rents and royalties derived from the property by a fraction. The numerator is the number of days of physical location of the property in Illinois during the rental and royalty period in the tax year, and the denominator is the number of days of physical location of the property everywhere during all rental or royalty periods in the tax year.
- **Patent and copyright royalties** are allocable to Illinois to the extent that the patent or copyright is used in Illinois.
 - A **patent** is used in Illinois to the extent that it is employed in production, fabrication, manufacturing, or other processing in Illinois or to the extent that a patented product is produced in Illinois.
 - A **copyright** is used in Illinois to the extent that printing or other publication originates in Illinois.
- **Gains and losses** from sales or exchanges of real or tangible personal property are in Illinois if the property is located in Illinois at the time of the sale or exchange. Gains or losses from the sale or exchange of intangible personal property are allocable to the state of residence or commercial domicile of the beneficiary.
- **Illinois State Lottery winnings and proceeds from sales or other transfers of rights to lottery winnings** are allocable to Illinois.

- **Income from S corporations, partnerships, and other fiduciaries** paid to this fiduciary is allocable to Illinois as if your beneficiary received it directly. See the Illinois Schedule K-1-P furnished by the S corporation or partnership or the Illinois Schedule K-1-T furnished by the other fiduciary to determine what income is allocable to Illinois.
- **Other unspecified items** of income or deduction of a nonresident individual or fiduciary are not allocable to Illinois. Unspecified items of income or deduction for partnerships or corporations, including S corporations, are allocable to Illinois if the entity's commercial domicile was in Illinois at the time the item was paid or accrued.

Note → Do not include any amount in Column B of Lines 36a, 36b, 39, or 40, unless the item was included in Column B in Step 3 or 4 of this Schedule K-1-T. This same rule applies to certain items from Illinois Schedule M (for businesses), including any income exempt from taxation by Illinois by reasons of its statutes or Constitution, or the Constitution, treaties, or statutes of the United States.

Lines 36a, and 37 through 46 - Write the beneficiary's share of subtractions apportioned to Illinois. If the amount is business income, multiply the amount of business income in Column A by the apportionment factor on Step 1, Line 4. If the appreciation amounts result from a gain on the disposition of nonbusiness property located in Illinois, allocate them to Illinois. See "When is nonbusiness income allocable to Illinois?" in General Information for the rules governing the allocation of nonbusiness income.

If the appreciation amounts result from gain on the disposition of business property, apportion them to Illinois by multiplying the amount on Lines 47 through 49, Column A, by the apportionment factor on Step 1, Line 4. If you received amounts from any other trust, estate, partnership, or S corporation, see the Illinois Schedule K-1-T or Illinois Schedule K-1-P from that entity. Write the total in Column B.

If you overestimated your Illinois business income when you filed your Form IL-1000, do not file Form IL-1000-X to claim a refund. Report the total payments you made for the beneficiary here, and the beneficiary must claim any refund due.

Definitions related to the Compassionate Use of Medical Cannabis Pilot Program Act Surcharge —

Organization registrant means a corporation, partnership, trust, limited liability company (LLC), or other organization that holds either a medical cannabis cultivation center registration issued by the Illinois Department of Agriculture or a medical cannabis dispensary registration issued by the Illinois Department of Financial and Professional Regulation.

Transactions subject to the surcharge means sales and exchanges of

- capital assets;
- depreciable business property;
- real property used in the trade or business; and
- Section 197 intangibles

of an organization registrant.

What is the surcharge?

For each taxable year beginning or ending during the Compassionate Use of Medical Cannabis Pilot Program, a surcharge is imposed on all taxpayers on income arising from the transactions subject to the surcharge of an organization registrant under the Compassionate Use of Medical Cannabis Pilot Program Act.

The amount of the surcharge is equal to the amount of federal income tax liability for the taxable year attributable to the transactions subject to the surcharge.

To whom does the surcharge apply?

The surcharge is imposed on any taxpayer who incurs a federal income tax liability on the income realized on a "transaction subject to the surcharge," including individuals and other taxpayers who are not themselves the "organization registrant" that engaged in the transaction.

A beneficiary who incurs a federal income tax liability on income from a transaction subject to surcharge distributed by a trust or estate will incur a surcharge.

Note → Although a unitary business group filing combined Illinois returns is treated as a single taxpayer and its members are jointly and severally liable for any surcharge imposed on the group, the group itself is not an organization registrant and transactions of any member that is not itself an organization registrant are not subject to the surcharge.

What do I report to my beneficiaries?

Write the beneficiary's share of any federal income attributable to transactions subject to the surcharge on Line 51. In order to enable your beneficiary to correctly figure their surcharge, attach a report itemizing any amount reported on Line 51 and provide it to your beneficiary along with this schedule.

Note → Report **federal income** attributable to transactions subject to the surcharge on Line 51. **Do not** report your federal income tax liability for the taxable year attributable to the transactions subject to the surcharge on this line.
