- is tangible;
- is depreciable according to Internal Revenue Code (IRC) Section 167;
- has a useful life of four or more years as of the date placed in service in Illinois; and
- is acquired by purchase as defined in IRC Section 179(d).

Research and Development Credit

"Qualifying expenses" are expenditures qualifying under IRC Section 41 that are attributable to research in Illinois, including certain payments to qualified organizations for basic research in Illinois.

“Qualifying expenses for increasing research activities in Illinois” are the excess of qualifying expenses incurred for the current tax year over qualifying expenses incurred for the base period.

“Base period” is the **three** tax periods immediately preceding the determination year.

“Qualified research” is research or experimental activities that create or improve a function, performance, reliability, or quality. Research must be performed in Illinois and be of a technical nature and be intended to be useful in the development of a new or improved business component held for sale, lease, license, or use by you in your business.

Ex-Felons Jobs Credit

“Qualified wages” means wages you paid during the one-year period beginning with the date an ex-offender begins working for you. Only wages that are subject to unemployment tax under IRC Section 3306 qualify. This includes amounts in excess of the maximum taxable wage. Wages paid during any period for which you received federally funded payments for on-the-job training for the ex-offender do not qualify.

A **“qualified ex-offender”** means an Illinois resident who

- has been convicted of any crime in this State or of any offense in any other jurisdiction, other than an offense or attempted offense that would subject a person to registration under the Sex Offender Registration Act;
- was sentenced to a period of incarceration in an Illinois adult correctional center; and

Note An employee qualifies as unemployed for a week if he or she has received unemployment benefits for the week or has not been employed since being honorably discharged.

“Qualified wages” means gross wages paid to a “qualified veteran” or a “qualified unemployed veteran” in the course of that veteran’s sustained employment.

Step 1: Figure your subtractions

Note For several subtractions, you may have more qualifying credits than space provides on Schedule 1299-A. For any of these subtractions in which you exceed the allotted space on the schedule, attach a separate schedule in the same format as Illinois Schedule 1299-A. Include the individual amounts from multiple schedules in the total line for each credit on Schedule 1299-A. Do not write the total on your attachment pages.

For example, if you have more than three corporations from whom you received qualifying dividends for the River Edge Redevelopment Zone Dividend subtraction, attach an additional sheet in the same format provided on the Schedule 1299-A. Add the totals from the 1299-A and the attachment, and write the total on Schedule 1299-A, Line 3.

Additionally, if you receive more than one Schedule K-1-P for any eligible subtractions, you should add the amounts from all Schedules K-1-P for that credit and write the total on the corresponding line item on Schedule 1299-A.

River Edge Redevelopment Zone Dividend Subtraction

You may claim a subtraction for dividends you received from a corporation that conducts substantially all of its business operations in an Illinois river edge redevelopment zone.

Note You may deduct only the portion of these dividends that is included in your Illinois base income. Do not include any dividends from high impact businesses operating in a foreign trade zone (or sub-zone).

Line 1 —

Column A — Write the name of the corporation from which you received dividends.

Column B — Write the name of the river edge redevelopment zone in which the corporation is located.

- Write any portion of this amount that will be distributed to a partner or shareholder on Illinois Schedule K-1-P, Line 40.

■ Contribution Subtraction (Form IL-1120-ST filers only)

You may deduct twice the amount of any contribution made during your tax year to a designated zone organization to be used for an enterprise zone or river edge redevelopment zone project approved by the DCEO, provided that the contribution qualifies as a charitable contribution under IRC Section 170(c).

Line 7 — Column A – Write the name of the enterprise zone or river edge redevelopment zone that is the site of the project for which the contribution was made.

- Write any portion of this amount that will be distributed to a shareholder on Illinois Schedule K-1-P, Line 41.

■ Interest Subtraction (Form IL-1120-ST financial organizations only)

River edge redevelopment zones or high impact businesses within a foreign trade zone (or sub-zone) - If you are a **financial organization**, as defined in the Illinois Income Tax Act (IITA), Section 1501(a)(8), you may subtract any interest income received during the tax year from a loan made to a borrower, to the extent the loan is secured by qualified property that is eligible for the River Edge Redevelopment Zone or High Impact Business Investment Credit.

- Write any portion of the amount that will be distributed to a shareholder on Illinois Schedule K-1-P, Line 43.

Step 2: Figure your credits

Note → For several credits, you may have more qualifying items than space provides on Schedule 1299-A. For any of these credits in which you exceed the allotted space on the schedule, attach a separate schedule in the same format as Illinois Schedule 1299-A. Include the individual amounts from multiple schedules in the total line for each credit on Schedule 1299-A. **Do not write the total on your attachment pages.**

For example, if you have more than three qualifying employees for the veterans credit, attach an additional sheet in the same format provided on the Schedule 1299-A. Add the totals from the 1299-A and the attachment and write the total on Schedule 1299-A, Line 43.

Additionally, if you receive more than one Schedule K-1-P for any eligible credit, you should add the amounts from all Schedules K-1-P for that credit and write the total on the corresponding line item on Schedule 1299-A.

■ Film Production Services Tax Credit

For tax years **beginning on or after January 1, 2004**, businesses in the film industry may be able to take a tax credit.

To qualify for this credit you must have

Enterprise Zone Investment Credit

You may take this credit if you

- placed qualified property in service in an Illinois enterprise zone or river edge redevelopment zone within the tax year,
- placed it in service on or after the date the zone was officially designated as an enterprise zone, and
- continued to use the qualified property on the last day of your tax year.

Note → Qualified enterprise zones are listed on Schedule 1299-S.

Qualified property can be new or used but does not qualify for the Enterprise Zone Investment Credit if it was previously used in Illinois in a manner that qualified for that credit or for the Replacement Tax Investment Credit on Form IL-477. Qualified property includes buildings, structural components of buildings, and signs that are real property. It does not include land or improvements to real property that are not a structural component of a building, such as landscaping, sewer lines, local access roads, fencing, parking lots, and other appurtenances.

Any improvement or addition made on or after the date the enterprise zone was designated or the business was designated as a high impact business is considered to be qualified property to the extent that the improvement or addition increases the adjusted basis of the property previously placed in service in Illinois and otherwise meets the requirements of qualified property.

Line 17 —

Column A — Describe each item of qualified property you placed in service in an Illinois enterprise zone.

Column B — Write the month and year each item of qualified property was placed in service in Illinois. An item is placed in service on the earlier of

- the date the depreciation period of the item begins. (Generally, this will be the same date the item is placed in service for purposes of the federal depreciation deduction.)

Note → The date placed in service in Illinois must be written in Column B or your basis in Column F will be reduced to zero.

Column C — If you are using the federal accelerated cost recovery system (ACRS) to depreciate the property, write the ACRS class assigned to each item of qualified property. Property assigned to an ACRS class of less than four years is not qualified.

If you are not using the ACRS method to depreciate the property, write the useful life assigned to the property for federal depreciation purposes. The useful life of the property when placed in service must be four or more years to qualify.

Column D — Indicate whether each item of qualified property is new or used. If the property was previously used, write the abbreviation of the state where the property was located. In addition, if the property was previously used in Illinois, but not in a manner that qualified for this credit or for the Replacement Tax Investment Credit on Form IL-477, attach a statement to that effect.

Column E — Write the name of the enterprise zone in which the property is used.

Column F — For each item of property, write the basis used to figure the depreciation deduction for federal income tax purposes. Generally, the basis will be the purchase price, plus any capital expenditures, minus any rebates and IRC Section 179 deductions. The basis is not reduced by depreciation, including bonus depreciation, except depreciation you were allowed to claim before the date you placed it in service in Illinois or in an Illinois enterprise zone or river edge redevelopment zone.

Column H — Multiply Column F by Column G.

Line 18 — Follow the instructions on the form.

Line 19 — Add the amounts in Column H, Lines 17a through 17c, (including the amounts on any additional schedules you have attached) and Line 18. Line 20 —

Column A — Describe each item of qualified property you placed in service in an Illinois river edge redevelopment zone.

Column B — Write the month and year each item of qualified property was placed in service in Illinois. An item is placed in service on the earlier of

Application of this payment remains consistent in the manner provided for credits with a five-year credit carryforward provision.
