

What's new for 2014?

- Form IL-1023-C and Form IL-1000 have been eliminated for tax years ending on or after December 31, 2014. **Do not** file Form IL-1000 or IL-1023-C for tax years ending on or after December 31, 2014. The amounts that would have been reported on behalf of your members on these forms must be
 - **reported** on your 2014 Form IL-1065 and Schedule B, and
 - **paid** with your return, with Form IL-505-B, or voluntarily prepaid with Form IL-516-I or Form IL-516-B.

The Form IL-1065 and Schedule B have been redesigned to accommodate these changes. If you elected to carry an overpayment on your 2013 Form IL-1023-C over to 2014, you must claim it on your 2014 Form IL-1065. See Specific Instructions for Form IL-1065 and Schedule B for more information.

Lloyd's plan of operation filers will now file on Form IL-1065. See the Illinois Income Tax Regulations, Section 100.5130 and the instructions below for more information.

In addition, the calculation for the amount of pass-through withholding you are required to report and pay on behalf of your nonresident members has changed. Some nonbusiness income and income tax credits are now included in this calculation. Schedule K-1-P(3) and Schedule K-1-P(3)-FY have been developed to assist you in calculating pass-through withholding under the new law, Public Act 98-0478. You are required to complete and keep a copy of Schedule K-1-P(3) or Schedule K-1-P(3)-FY for each of your nonresident members who have not submitted Form IL-1000-E to you. See the Schedule K-1-P(1) and the Schedule B instructions for more information.

Finally, Form IL-1023-CES and Form IL-1000-P cannot be used for making voluntary prepayments for tax years ending on or after December 31, 2014. These vouchers have been replaced by Form IL-516-I and Form IL-516-B, Pass-through Prepayment Vouchers. Form IL-516-I and Form IL-516-B allow you to voluntarily prepay your own tax liability from Form IL-1065, as well as make voluntary pass-through entity prepayments on behalf of your partners for tax years ending on or after December 31, 2014. See Form IL-516-I and IL-516-B for more information.

Failure to comply with these requirements will result in further correspondence, a delay in the processing of your return, or a delay in the generation of any overpayment.
- A checkbox is available in Step 1 for partnerships to identify themselves as publicly-traded partnerships. See Specific Instructions for more information.
- Schedule 80/20 has been redesigned for tax years ending on or after December 31, 2014. See the Schedule 80/20 Instructions for more information.
- Several subtractions have been added to Line 19 of the Schedule M (for businesses). See the Schedule M Instructions for more information.
- For tax years ending on or after December 31, 2014, **Schedule NLD**, Illinois Net Loss Deduction has been redesigned. See Schedule NLD for more information.
- Schedule 4255 has been redesigned to allow you to report and pay any recaptured Angel Investment Credit amounts. See the Schedule 4255 Instructions for more information.
- **Short-year filers only** - The sunset date for claiming a Veterans Jobs Credit for "qualified veterans" is January 1, 2015. Do not claim a Veterans Jobs Credit for "qualified veterans" for tax years **beginning** on or after January 1, 2015. The credit for "qualified unemployed veterans" is still allowed.
- **For tax years ending on or after December 31, 2013**, Illinois lottery winnings and proceeds from sales or other transfers of rights to lottery winnings are sourced to Illinois.
- The **Enterprise Zone Dividend Subtraction** has been eliminated. Do not claim this subtraction on your Form IL-1065.
- The **Ex-felons Jobs Credit** has been modified. The maximum amount of credit that may be claimed for all tax years for wages paid to a particular ex-offender has been raised to \$1,500. The definition of a "qualified ex-offender" has also changed. See the Specific Instructions on **Schedule 1299-A** for more information.
- Public Act 98-0925 has made changes to the election to apply overpayments from your return against your estimated tax obligation for next year. Taxpayers can now elect to apply their overpayments against their estimated tax obligations, even if the election is made after the extended due date of their return. See Specific Instructions for more information.
- Taxpayers who are entitled to a refund may now choose to direct deposit their refund into their checking or savings account. See Specific Instructions for more information.
- Date of merger fields have been added to Step 1 of the 2014 Schedule UB. This information is required if applicable. See the Schedule UB Instructions for more information.
- Instructions have been added for partnerships who are members of unitary groups. See the instructions for Illinois Schedule UB, Combined Apportionment for Unitary Business Group, and "What if I am a member of a unitary group?" in the general instructions below for information about your filing requirements.
- Partnerships now have access to some features of MyTax Illinois. MyTax Illinois is a centralized location on our website where taxpayers may register a new business, make payments, and manage their tax accounts. MyTax Illinois does not currently support filing of the Form IL-1065, but you can make some Form IL-1065 related payments through MyTax Illinois. See tax.illinois.gov for details.

General Information

Who must file Form IL-1065?

You must file Form IL-1065 if you are a partnership (see "Definitions to help you complete your Form IL-1065") and you have base income or loss as defined under the Illinois Income Tax Act (IITA) allocable to Illinois.

If you are a partnership organized for the sole purpose of playing the Illinois State Lottery, you are not required to file a Form IL-1065.

A person transacting an insurance business organized under a Lloyd's plan of operation may file a Form IL-1065 on behalf of all

its underwriters, including corporations and residents. You must refer to Illinois Income Tax Regulations, Section 100.5130, for specific instructions on how to properly complete Form IL-1065 and determine what you need to attach to your return.

All underwriters who are members of an insurance business organized under a Lloyd's plan of operation may be included on Form IL-1065. No credit is allowed to any underwriter for its share of tax paid on Form IL-1065.

What forms must I use?

In general, you must obtain and use forms prescribed by the Illinois Department of Revenue. Separate statements not on forms provided or approved by the Department will not be accepted and you will be asked for appropriate documentation. **Failure to comply with this requirement may result in failure to file penalties, a delay in the processing of your return, or a delay in the generation of any overpayment.** Additionally, failure to submit appropriate documentation when requested may result in a referral to our Audit Bureau for compliance action.

Partnerships must complete Form IL-1065. Do not send a computer printout with line numbers and dollar amounts attached to a blank copy of the return. Computer generated printouts are not acceptable, even if they are in the same format as the Department's forms. Computer generated forms from a Department-approved software developer are acceptable.

If you are a member of a unitary business group, you may not file a combined return, but you may have special filing requirements. See the instructions for Illinois Schedule UB, Combined Apportionment for Unitary Business Group, and "What if I am a member of a unitary group?" in the general instructions below for information about your filing requirements.

How do I register my business?

If you are required to file Form IL-1065, you should register with the Illinois Department of Revenue. You may register

- online with MyTax Illinois, our free online account management program for taxpayers; or
- by calling our Central Registration Division at **217 785-3707**.

Visit our website at tax.illinois.gov for more information.

Registering with the Illinois Department of Revenue (IDOR) **prior to filing your return** ensures that your tax returns are accurately processed.

Your identification numbers as an Illinois business taxpayer are your federal employer identification number (FEIN) and your Illinois account number.

When should I file?

Your Illinois filing due date is the same as your federal filing due date. In general, Form IL-1065 is due on or before the 15th day of the **4th** month following the close of the tax year.

If you are operating as a business organized under the Lloyd's plan of operation, your due date is the same as your federal return due date.

Automatic six-month extension — We grant you an automatic six-month extension of time to file your partnership tax return. You are not required to file Form IL-505-B, Automatic Extension Payment, in order to obtain this automatic extension. However, if you expect tax to be due, you must use Form IL-505-B to pay any tentative tax due in order to avoid interest and penalty on tax not paid by the original due date of the return. An extension of time to file your Form IL-1065 is not an extension of time for payment of Illinois tax.

Additional extensions beyond the automatic extension period — We will grant an extension of more than six months **only** if an extension of more than six months is granted by the Internal Revenue Service (IRS). Your additional Illinois extension will be equal to the federal extension, plus one month. You must attach a copy of the approved federal extension to your Form IL-1065.

When should I pay?

Payment of tax — You must pay your Illinois Replacement tax and pass-through withholding reported on behalf of your members in full on or before the original due date of the return. This payment date applies even though an automatic extension for filing your return has been granted.

Estimated tax payments — Partnerships are not required to make estimated tax payments.

You may, however, use Form IL-516-I and Form IL-516-B, Pass-through Prepayment Vouchers, to make voluntary prepayments for **tax years ending on or after December 31, 2014**. Form IL-1000, Pass-through Entity Payment Income Tax Return, and Form IL-1023-C, Composite Income and Replacement Tax Return, have been eliminated for tax years ending on or after December, 31, 2014, and the amounts that would have been reported on these forms must be

- **reported** on your Form IL-1065 and Schedule B, and
- **paid** on your Form IL-1065 or Form IL-505-B.

Form IL-516-I and Form IL-516-B allow you to voluntarily prepay your own tax liability as well as make pass-through entity prepayments on behalf of your partners or shareholders.

Note → Do not use Form IL-1120-ES, Estimated Income and Replacement Tax Payments for Corporations, to make voluntary prepayments.

Who should sign the return?

Your Form IL-1065 must be signed by a partner or any other officer duly authorized to sign the return. In the case of a bankruptcy, a receiver, trustee, or assignee must sign any return required to be filed on behalf of the partnership. The signature verifies by written declaration (and under penalties of perjury) that the signing individual has personally examined the return and the return is true, correct, and complete. The fact that an individual's name is signed to a return is prima facie evidence that the individual is authorized to sign the return on behalf of the partnership.

If you are operating as a business organized under the Lloyd's plan of operation, an officer of that plan must sign Form IL-1065.

Any person paid to prepare the return (other than a regular, full-time employee of the taxpayer, such as a clerk, secretary, or bookkeeper) must provide a signature, date the return, and enter the preparer's taxpayer identification number. If the preparer is an employee or partner of a firm or corporation, the preparer must also provide the firm's name and address, and instead of the preparer's taxpayer identification number, the preparer must provide the firm's FEIN. Self-employed preparers must provide their own name, address, and taxpayer identification number in the appropriate spaces.

Note → If your return is not signed, any overpayment of tax is considered forfeited if, after notice and demand for signature, you fail to provide a signature within three years from the date your return was filed.

What are the penalties and interest?

Penalties — You will owe

- a **late-filing penalty** if you do not file a processable return by the extended due date;
- a **late-payment penalty** if you do not pay the tax you owe by the original due date of the return;
- a **bad check penalty** if your remittance is not honored by your financial institution;
- a **cost of collection fee** if you do not pay the amount you owe within 30 days of the date printed on your bill.

Interest — Interest is calculated on tax from the day after the original due date of your return through the date you pay the tax.

We will bill you for penalties and interest. For more information about penalties and interest, see Publication 103, Penalties and Interest for Illinois Taxes, available at tax.illinois.gov.

What if I am discontinuing my business?

Liquidation or withdrawal from Illinois — If you are a partnership that is liquidated or withdraws either voluntarily or involuntarily from Illinois during any tax year, you are still required to file tax returns. Also, we will pursue the assessment and collection of any taxes owed by you or your partners.

Sales or transfers — If you are a partnership that, outside the usual course of business, sells or transfers the major part of any one or more of

- the stock of goods which you are in the business of selling,
- the furniture or fixtures of your business,
- the machinery and equipment of your business, or
- the real property of your business,

you or the purchaser must complete and send us Form CBS-1, Notice of Sale, Purchase, or Transfer of Business Assets, no later than 10 days after the date the sale took place. Mail this form, along with copies of the sales contract and financing agreement, to:

**ILLINOIS DEPARTMENT OF REVENUE
BULK SALES UNIT
100 WEST RANDOLPH, Level 7-400
CHICAGO IL 60601**

What if I need to correct or change my return?

Do not file another Form IL-1065 with “amended” figures to change your originally filed Form IL-1065. If you need to correct or change your return after it has been filed, you must file Form IL-1065-X, Amended Partnership Replacement Tax Return. Returns filed before the extended due date of the return are treated as your original return for all purposes. For more information, see Form IL-1065-X instructions.

You should file Form IL-1065-X only after you have filed a processable Illinois Income Tax return. You must file a separate Form IL-1065-X for each tax year you wish to change.

State changes only — File Form IL-1065-X promptly if you discover an error on your Illinois return that does not relate to an error on your federal return but rather was caused by

- a mistake in transferring information from your federal return to your Illinois return;
- failing to report or misreporting to Illinois an item that has no effect on your federal return; or
- a mistake in another state’s tax return that affects the computation of your Illinois tax liability.

If you are claiming an overpayment, Form IL-1065-X must be filed within three years after the extended due date or the date the return was filed, or within one year after the tax giving rise to the overpayment was paid, whichever is latest.

Federal changes only — File Form IL-1065-X if you have filed an amended federal return or if you have been notified by the IRS that they have made changes to your return. This includes any change in your federal income tax liability, any tax credit, or the computation of your federal taxable income as reported for federal income tax purposes, if the change affects any item entering into the computation of net income, net loss, or any credit for any year under the IITA. You must file Form IL-1065-X no later than 120 days after the federal changes have been agreed to or finally determined to avoid a late-payment penalty.

If you are filing Form IL-1065-X to claim an overpayment resulting from a federal change, it must be filed within two years after the date such notification was due (regardless of whether such notice was given).

Attach a copy of federal finalization or proof of acceptance from the IRS along with a copy of your amended federal form, if applicable, to your Form IL-1065-X. Examples of federal finalization include a copy of one or more of the following items:

- your audit report from the IRS
- your federal record of account verifying your ordinary business income

What records must I keep?

You must maintain books and records to substantiate any information reported on your Form IL-1065. Your books and records must be available for inspection by our authorized agents and employees.

Do the IDOR and the IRS exchange income tax information?

The IDOR and the IRS exchange income tax information for the purpose of verifying the accuracy of information reported on federal and Illinois tax returns. All amounts you report on Form IL-1065 are subject to verification and audit.

Should I round?

You must round the dollar amounts on Form IL-1065 and accompanying schedules to whole-dollar amounts. To do this, you should drop any amount less than 50 cents and increase any amount of 50 cents or more to the next higher dollar.

What if I have an Illinois net loss deduction (NLD)?

If you have an Illinois NLD from any loss year ending on or after December 31, 1986, it is subtracted from and limited to your base income allocable to Illinois.

To determine your “Illinois net loss” start with federal ordinary income plus separately stated items, and apply all addition and subtraction modifications and all allocation and apportionment provisions.

Illinois net losses incurred in tax years ending on or after December 31, 2003, may only be carried forward 12 years. If you are carrying forward an Illinois NLD, you must complete Illinois Schedule NLD, Illinois Net Loss Deduction, and claim the deduction on Step 7, Line 48.

If you have an Illinois net loss for this tax year, you must file Form IL-1065 reporting the loss in order to carry the loss forward to another year.

If you need more information, see the Illinois Income Tax Regulations, Sections 100.2050 and 100.2300 through 100.2330, available on our website at tax.illinois.gov.

What is the standard exemption?

The standard exemption is \$1,000 multiplied by a fraction in which the numerator is your base income allocable to Illinois and the denominator is your total base income. If you have a change in your tax year end and the result is a period of less than 12 months, the standard exemption is prorated based on the number of days in the tax year. If this is your first or final return, you are allowed the full-year standard exemption. If you need further information, see IITA, Section 401(b).

What attachments do I need?

When filing your return there are certain types of income items and subtraction modifications that require the attachment of Illinois or federal forms and schedules. Instructions for these attachments appear throughout the specific instructions for completing your return.

If you are operating as a business organized under the Lloyd’s plan of operation, refer to Illinois Income Tax Regulations, Section 100.5130, to determine what you need to attach to your Form IL-1065.

Note All Illinois forms and schedules include an “**IL Attachment No.**” in the upper right corner of the form. Required attachments should be ordered numerically behind the tax return, as indicated by the IL Attachment No. Failure to attach forms and schedules in the proper order may result in processing delays.

Required copies of documentation from your federal return should be attached **behind the completed Illinois return**.

All taxpayers, including unitary business groups - You must attach a copy of your U.S. Form 1065, Pages 1 through 5, to your Illinois return if you are required to file federally.

Note When filing your Form IL-1065, include only forms and schedules required to support your return. Schedule B, Partners’ or Shareholders’ Identification, **must** to be completed and attached to all Form IL-1065 filings. Send correspondence separately to:

**ILLINOIS DEPARTMENT OF REVENUE
TAXPAYER CORRESPONDENCE
PO BOX 19044
SPRINGFIELD IL 62794-9044**

Definitions to help you complete your Form IL-1065.

All references to “income” include losses.

Base income means federal ordinary income plus separately stated items, modified by additions and subtractions as shown in Steps 2 through 5 of Form IL-1065. See specific instructions for Steps 2 through 5.

Business income means all income (other than compensation) that may be apportioned by formula among the states in which you are doing business without violating the Constitution of the United States. All income of a partnership is business income unless it is clearly attributable to only one state and is earned or received through activities totally unrelated to any business you are conducting in more than one state. Business income is net of all deductions attributable to that income.

Commercial domicile means the principal place from which your trade or business is directed or managed.

Nonbusiness income means all income other than business income or compensation. For more information about the different types of nonbusiness income, see the instructions for Illinois Schedule NB, Nonbusiness Income.

A **partnership** is an entity that is treated as a partnership for federal income tax purposes. A partnership that has elected under IRC Section 761, to be excluded from the partnership provisions of the IRC is also excluded for purposes of the IITA.

Partner includes a person treated as a partner for federal income tax purposes.

A **resident partner** means

- an individual who is present in Illinois for other than a temporary or transitory purpose;
- an individual who is absent from Illinois for a temporary or transitory purpose but who is domiciled in Illinois;
- the estate of a decedent who at his or her death was domiciled in Illinois;
- a trust created by a will of a decedent who at his or her death was domiciled in Illinois; or
- an irrevocable trust if the grantor was domiciled in Illinois at the time the trust became irrevocable. For purposes of this definition, a trust is irrevocable to the extent that the grantor is not treated as the owner of the trust under IRC Sections 671 through 678. For a more detailed explanation of “domicile” and “resident,” see the General Instructions for Form IL-1040, Individual Income Tax Return.

Nonresident partner means a partner who is not a resident of Illinois, as defined previously.

What if I am an investment partnership?

Effective for tax years ending on or after December 31, 2004, any partnership that qualifies as an “investment partnership” as defined in the IITA, Section 1501(a)(11.5), shall not be subject to replacement tax, is not required to withhold tax from its partners, and is not required to file Form IL-1065. However, you may elect to file Form IL-1065 even if you are an investment partnership. If you elect to file Form IL-1065, you must check the appropriate box on Line F, and complete the return with the appropriate figures. Check the box on Line 35 B, enter “0” on Step 6, Lines 36 through 46 and Step 7, Line 47.

What if I am a publicly-traded partnership?

A publicly-traded partnership is not required to withhold tax from its partners.

What does taxable in other states mean?

Taxable in other states means you are subject to and actually pay “tax” in another state. “Tax” means net income tax, franchise tax measured by net income, or franchise tax for the privilege of doing business. You are considered taxable in another state if that state has jurisdiction to subject you to a net income tax even though that state does not impose such a tax. This definition is for purposes of allocating nonbusiness income and apportioning business income inside or outside Illinois.

When must I use Illinois Schedules K-1-P, K-1-P(3), K-1-P(3)-FY, and B?

You must use **Illinois Schedule K-1-P**, Partner’s or Shareholder’s Share of Income, Deductions, Credits, and Recapture, to supply each partner with that individual’s or entity’s share of the amounts reported on your federal and Illinois tax returns. For Illinois Income Tax purposes, you must give a completed Illinois Schedule K-1-P and a copy of the **Illinois Schedule K-1-P(2)**, Partner’s and Shareholder’s Instructions, to each partner. **Do not file copies of Illinois Schedule K-1-P that you issue to your partners with your Form IL-1065.** However, you must keep a copy of each Illinois Schedule K-1-P with your tax records. See Illinois Schedule K-1-P(1), Instructions for Partnerships and S Corporations Completing Schedule K-1-P and Schedule K-1-P(3) or Schedule K-1-P(3)-FY, for more information.

You must use **Illinois Schedule K-1-P(3)**, Pass-through Withholding Calculation for Nonresident Members, or **Illinois Schedule K-1-P(3)-FY**, Pass-through Withholding Calculation for Nonresident Members (for fiscal filers), to calculate the required tax you must report and pay on behalf of your nonresident partners who receive business or nonbusiness income from your partnership. Your tax year ending date will determine whether you will use Schedule K-1-P(3) or Schedule K-1-P(3)-FY. You must complete either schedule if you have business or nonbusiness income distributable to Illinois nonresident partners who have not provided you with Form IL-1000-E, Certificate of Exemption for Pass-through Withholding Payments. You are required to complete Schedule K-1-P(3) or Schedule K-1-P(3)-FY for each such partner and keep a copy of the completed schedule in your files. **Do not submit Schedule K-1-P(3) or Schedule K-1-P(3)-FY to the Department unless we request it from you.** The information entered on these schedules will assist you in completing Illinois Schedule B. See Schedule K-1-P(1) for more information.

You must use **Illinois Schedule B** to supply us with a listing of your partners, certain items of income and credits they received from you, and pass-through withholding payments you made on their behalf. You **must** complete all lines of Illinois Schedule B, as applicable, and file it with your Form IL-1065.

What if I am a member of a unitary group?

Partnerships may not join in the filing of a combined return. However, you may be required to file a separate unitary return, and file a Schedule UB to apportion your business income.

If the following applies, do not file a Schedule UB: If a partnership is engaged in a unitary business with one or more of its partners, but the unitary partners do not own substantially all of the interest in the partnership, the partnership should not be included on a Schedule UB with the partners. Substantial ownership is defined as owning more than 90 percent of all the interest in the partnership. If a Schedule UB should not be filed, each unitary partner must determine the portion of its business income taxed by Illinois by adding its share of that partnership's business income and apportionment factors (Illinois and everywhere) to its own business income and apportionment factors (Illinois and everywhere). This rule applies to you if you are unitary with one or more of your partners or if you are a partner in another partnership and are engaged in a unitary business with that partnership. See 86 Illinois Administrative Code, Section 100.3380(d), for more information.

If the following applies, you must file a Schedule UB: If you are a partnership who is a shareholder in a corporation and are engaged in a unitary business with that corporation, or if you are owned more than 90 percent by members of your unitary business group (determined without regard to the rule prohibiting taxpayers who use different apportionment formulas from being included in a unitary business group and the rule prohibiting taxpayers conducting 80 percent or more of their business activities outside the United States from being included in a unitary business group), and you:

- use the same taxable year as a combined group that includes your partners or your subsidiary, you should use the Schedule UB prepared by the combined group in completing your Form IL-1065;
- use a different taxable year from the combined group that includes your partners or your subsidiary, or there is no combined group, you must complete your own Schedule UB using your own taxable year.

If you are required to file a Schedule UB: Use the line reference chart in the Schedule UB instructions to help complete your Form IL-1065.

Steps 2 and 3 of your Form IL-1065 must be completed showing only your separate-company items. The amounts on your Form IL-1065, Lines 14 through 22 (less Lines 20 and 21) and Lines 24 through 33 (less Line 27) shall be the combined totals shown on Schedule UB, Step 3, Column E.

Note The addition modification for guaranteed payments on Form IL-1065, Line 20, should be zero, because that addition modification for all partnerships included on the Schedule UB will be included in the "other additions" on Schedule UB, Column E, Step 3, Line 8, and so included in Line 22 of the Form IL-1065. The modifications for Form IL-1065, Lines 21 and 27 are not included as modifications on the Schedule UB. The amount on your Form IL-1065, Lines 21 or 27, must be computed on the Illinois Schedule B, Column E Worksheet, found in these instructions. Carry the combined total amounts from Schedule UB, Step 3, Column E for each line item of the Column E Worksheet.

Use the Line 21 and Line 27 amounts to compute your base income on Form IL-1065 Line 35. Check the box on Form IL-1065, Line 35 B, and complete Form IL-1065, Step 6 by subtracting:

- on Line 36, the combined nonbusiness income of the entire unitary business group, minus the portion allocable to partners subject to replacement tax, and
- on Line 37, the amount received by the entire unitary business group from nonunitary partnerships, trusts, and estates, minus the portion allocable to partners subject to replacement tax.

On Form IL-1065, Step 6, Line 40, include the everywhere sales amount from Schedule UB, Step 4, Column D, Line 2. On Line 41 of Step 6 of Form IL-1065, include your Illinois sales. On Form IL-1065, Step 6, Lines 44 and 45, include only your separate-company nonbusiness income, and the business income or loss apportionable to Illinois you received from trusts, estates, and nonunitary partnerships, minus the portion of those amounts allocable to partners subject to replacement tax.

Schedules used to compute any amounts shown **must** be attached to Form IL-1065.

If you need more information, visit our web site at tax.illinois.gov and view the Illinois Income Tax Regulations referenced in these and the Schedule UB instructions.

May I file a composite return or pass-through entity payment return for nonresident partners?

No. You may not file a composite return or pass-through entity payment return for any nonresident members that have income from your partnership. Form IL-1023-C and Form IL-1000 have been eliminated for tax years ending on or after December 31, 2014. **Do not** file Form IL-1000 or IL-1023-C for tax years ending on or after December 31, 2014. The amounts that would have been reported on behalf of your members on these forms must be reported on your 2014 Form IL-1065 and Schedule B. See Schedule B instructions for more information.

What if I participated in a reportable transaction?

If you participated in a reportable transaction, including a "listed transaction," during this tax year and were required to disclose that transaction to the IRS, you are also required to disclose that information to Illinois.

You must send us two copies of the form you used to disclose the transaction to the IRS.

- Mail the second copy to:

PO BOX 19029
SPRINGFIELD IL 62794-9029**

Line 35 — This is your base income or loss.

Follow the instructions on the form and check a box on Line A or B. You must check one of these boxes and follow the instructions for that line.

Check the box on Line A if

- all of your base income or loss is derived inside Illinois; and
- you do not have any income or loss to report on Lines 36, 37, 44, or 45.

If you check the box on Line A, do not complete Step 6. All of your base income or loss is allocable to Illinois. Skip Step 6, enter the amount from Step 5, Line 35 on Step 7, Line 47, and complete the remainder of the return.

Check the box on Line B if any of the following apply

- your base income or loss is derived inside and outside Illinois;
- all of your base income or loss is derived outside Illinois; or

If you check the box on Line B, you must complete all lines of Step 6. Submitting Form IL-1065 with an incomplete Step 6, including Lines 40, 41, and 42 may result in a delay in processing your return, further correspondence, and you may be required to submit further information to support your filing. See the Specific Instructions for Step 6 for more information.

Step 6 — Figure your income allocable to Illinois

You **must** check the box on Line B and complete all lines of Step 6 if any portion of Line 35, base income or loss, is derived outside Illinois, or you have any income or loss to report on Lines 36, 37, 44, or 45.

IL-1065 Instructions (R-01/15)

If you do not complete **all** of Step 6, Lines 36 through 46, we may issue a notice and demand proposing 100 percent of income as being allocated to Illinois, or in the case of a loss return, a notice indicating none of your loss as being allocated to Illinois.

In order to properly allocate your base income or loss you need to determine what portion of the total base income is business income or loss that is to be apportioned among all the states in which you do business, and what portion is nonbusiness income or loss that is to be allocated to a particular state.

Note → **Unitary filers who are required to file a Schedule UB -** You must complete **both** Step 4 of the Schedule UB **and** Step 6 of the Form IL-1065.

Note → Investment partnerships that elect to complete Form IL-1065 should check the box on Line 35 B, enter "0" on Step 6, Lines 36 through 46 and Step 7, Line 47, and check the corresponding box in Step 1, Line F.

Line by Line Instructions

Once made, the election is irrevocable.**

Line 37 — Enter the amount of all business income or loss included in base income received from any non-unitary partnership, trust, or estate, of which you are a partner, or a beneficiary, net of any amount distributable to partners subject to replacement tax. Note → The partnership or S Corporation is required to send you an Illinois Schedule K-1-P and Schedule K-1-P(2) and the trust or the estate is required to send you an Illinois Schedule K-1-T and Schedule K-1-T(2), specifically identifying your share of income.

Special Note → If you are a partner engaged in a unitary business with your partnership, you must either file a Schedule UB with that partnership or include your distributable share of the partnership's business income in your business income. Do not subtract this business income on Line 37.

Lines 40 through 42 —

You must complete Lines 40 through 42 if any of the following apply

- your business income or loss is derived inside and outside Illinois;
- all of your business income or loss is derived outside Illinois; or

Special Note → If you are a partner engaged in a unitary business with your partnership, you must either file a Schedule UB with that partnership or include your distributive share of the "everywhere" and "Illinois" sales factors from the partnership in your "everywhere" and "Illinois" sales factors. For more information, see Illinois Income Tax Regulations, Section 100.3380(d).

Line 40 — Enter your total sales everywhere.

Line 41 — Enter your total sales inside Illinois.

Note → Lines 40 and 41 cannot be less than zero. The amount on Line 41 cannot exceed the amount on Line 40.

If you checked the box on Line 35 B and do not complete Lines 40 and 41 we may issue a notice and demand proposing 100 percent of income as being allocated to Illinois, or in the case of a loss return, a notice indicating none of your loss as being allocated to Illinois.

Include gross receipts from the license, sale, or other disposition of patents, copyrights, trademarks, and similar items of intangible personal property in the numerator and denominator of your sales factor only if these gross receipts are more than 50 percent of the total gross receipts included in gross income for this tax year and each of the two immediately preceding tax years.

Do not include the following items of income in the numerator or denominator of your sales factor:

- dividends;
- amounts included under IRC Section 78;

Sales of tangible personal property are in Illinois if

- the property is delivered or shipped from anywhere to a purchaser in Illinois, other than the United States government, regardless of the Free on Board (f.o.b.) point or other conditions of the sale;
- the property is shipped from Illinois to any place and the purchaser is the United States government;
- the property is shipped from Illinois to another state and you are not taxable in the state of the purchaser; or

If the "sales everywhere" amount includes gross receipts from the licensing, sale, or other disposition of patents, copyrights, trademarks, and other similar items of intangible personal property, and the receipts are not covered by the broadcasting rules, then these receipts should be allocated in Illinois to the extent the item is used in Illinois during the year the gross receipts are included in gross income. An item is used in Illinois if

- a patent is employed in production, fabrication, manufacturing, or other processing in Illinois or if the patented product is produced in Illinois;
- copyrighted material is printed or other publications originated in Illinois; or
- the commercial domicile of the licensee or purchaser of a trademark or other item of intangible personal property is in Illinois.

- 50 percent of access fees charged to a reseller of telecommunications services for an interstate call that originates or terminates in Illinois; and
- end user access line charges, if the customer's service address is in Illinois.

For more information, see Illinois Income Tax Regulations, Section 100.3371.

If you have a change in your tax year end and the result is a period of less than 12 months, the standard exemption is prorated based on the number of days in the tax year. If this is your first or final return, you are allowed the full-year standard exemption.

Excess credit may be carried forward for five years following the excess credit year. For more information, see Form IL-477 instructions.

Line 59 — Complete **all steps** of Illinois Schedule B and enter the amount from Illinois Schedule B, Step 1, Line 8 on this line. This is the amount of pass-through withholding payments you reported on behalf of your members. **Attach Illinois Schedule B to your Form IL-1065.**

Step 9 — Figure your refund or balance due

Line 61a — Enter the amount of any overpayment from your prior year tax returns that you requested to be applied to this year's tax return. Take into account any correspondence we may have sent you that changed the amount of your credit carryforward from the previous year.

Note — If you elected to credit an overpayment on your prior year Form IL-1023-C to a 2014 tax year ending on or after December 31, 2014, you must include this overpayment credit on this line of your Form IL-1065.

Line 61b — Enter the amount of Illinois replacement tax paid with Form IL-505-B. **Do not** report amounts paid with Form IL-516-I or Form IL-516-B on this line. Those amounts are reported on Lines 61e and 61f.

Note — If you made a payment on Form IL-1120-ES, enter that amount on Line 61b. In the future use Form IL-516-I or Form IL-516-B to make voluntary prepayments.

Line 61c — Enter the amount you wish to claim of Illinois pass-through withholding payments made on your behalf by partnerships, S corporations, or trusts, as reported to you on Schedule K-1-P or K-1-T. If you have more than one Schedule K-1-P or K-1-T, add the amounts you wish to claim from all the schedules and enter the total on Line 61c. **Attach copies of the Schedules K-1-P and K-1-T you received from the pass-through entities to your Form IL-1065.**

Line 61d — Enter the amount of any gambling withholding shown on Form W-2G. **Attach Forms W-2G.**

Line 61e — Enter the total amount of voluntary prepayments you paid for this tax year with **Form IL-516-I only**. **Do not** report amounts paid with Form IL-516-B, Form IL-505-B, or Form IL-1120-ES here.

Line 61f — Enter the total amount of voluntary prepayments you paid for this tax year with **Form IL-516-B only**. **Do not** report amounts paid with Form IL-516-I, Form IL-505-B, or Form IL-1120-ES here.

Lines 62 and 63 — Follow the instructions on the form.

Line 64 — Enter the amount of overpayment you elect to be applied to a subsequent tax period.

Your credit carryforward will not be applied if you do not file a processable return.

Note — Your credit carryforward may be reduced by us to satisfy any unpaid tax, penalty, and interest due for this year or any preceding year. If we reduce your credit carryforward, it may result in a late-payment penalty in a subsequent year.

To which tax period will my credit apply?

Your credit will be applied to your liability for the tax year during which you file this return, unless you elect to apply the credit to a different tax year.

Note — If you wish to apply the credit to a different tax year, see "May I apply my credit to a different tax period?"

Example: You file your 2014 calendar year return on August 4, 2015, requesting to receive your overpayment as a credit. August 4, 2015, falls within your 2015 tax year so your credit will be applied against your 2015 tax year liability.

With what date will my credit apply against my tax liability?

If your 2014 return was filed

- on or before the extended due date of your return (October 15, 2015, for calendar year filers), your credit is considered to be paid on the original due date of your 2015 return (April 15, 2016, for calendar year filers).
- after the extended due date of your return, your credit is considered to be paid on the original due date of your 2015 return, or on the date you filed the return on which you made the election, whichever is later.

Example 1: You file your 2014 calendar year return on or before the extended due date of your return requesting \$500 be applied against estimated tax. All of your payments are made before the original due date of your return. Your credit of \$500 will be considered to be paid on April 15, 2016.

Example 2: You file your 2014 calendar year return on or before the extended due date of your return requesting \$500 be applied against estimated tax. Your overpayment includes payments of \$400 you made before the original due date of your return, and a \$100 payment you made on June 1, 2015. A credit of \$500 will be considered to be paid on April 15, 2016.

Example 3: You file your 2014 calendar year return on December 1, 2015, requesting \$500 be applied against estimated tax. Your credit of \$500 will be considered to be paid on April 15, 2016, because the original due date of your 2015 calendar year return, April 15, 2016, is later than the date you filed the return making the election.

May I apply my credit to a different tax period?

Yes. If you wish to apply your credit to a tax year other than the one during which you file this return, you must submit a separate request in writing to:

ILLINOIS DEPARTMENT OF REVENUE
PO BOX 19004
SPRINGFIELD IL 62794-9004

Note — Submit your request at the time you file your return. **Do not** submit your return to this address.

Your request must include

- your name,
- your FEIN,
- the tax period of the return creating the overpayment, and
- the tax period you wish to have the credit apply.

If you do not follow these instructions, your election will be considered invalid and we will not apply your credit as you requested.

If you submit a valid request, we will apply your credit as you requested and notify you. Once made, your election to change the tax period to which your credit will apply is irrevocable.

Note You may only apply your credit to tax periods occurring after the period of the return creating the overpayment. If you request to apply more credit than our records show you have available, we will apply the maximum amount available and notify you of the difference.

Lines 65 — Follow the instructions on the form. Your refund will not be issued if you do not file a processable return.

Note Your refund may be reduced by us to satisfy any unpaid tax, penalty, and interest due for this year or any other year.

Line 66 — Direct deposit information.

If you choose to deposit your refund directly into your checking or savings account, you must

- Enter your routing number.
 - For a checking account, your routing number must be nine digits and the first two digits must be 01 through 12 or 21 through 32.
The sample check following these instructions has an example of a routing number.
 - For a savings account, you must contact your financial institution for your routing number.
- Check the appropriate box to indicate whether you want your refund deposited into your checking or savings account.
- Enter your account number.
 - For a checking account, your account number may be up to 17 digits.
The sample check following these instructions has an example of an account number.
 - For a savings account, you must contact your financial institution for your account number.

Do not use your account and routing numbers from your checking or savings account **deposit slip**. **Do not** include your check number. Include hyphens, but omit spaces and special symbols. You may have unused boxes.

Note If your financial institution does not honor your request for direct deposit, we will send you a check instead.

Note We do not support international ACH transactions. We will only deposit refunds into accounts located within the United States. If your financial institution is located outside the United States, we will send you a check instead of depositing your refund into your account.

The image shows a sample check form for a Business Taxpayer. The payer is 1234 Square, Lincoln Land, IL 12345. The amount is 9876 dollars. The payee is The Land Bank, Land IL 12345. The routing number is 9101112131415 and the account number is 123456789. The memo is 9876. There are callouts for 'Do not include your check number', 'Routing number', and 'Account number'.

Line 67 — Follow the instructions on the form. This is your amount of tax due that must be paid in full if \$1 or more. If you are not paying electronically, complete a payment voucher, Form IL-1065-V, make your check or money order payable to “Illinois Department of Revenue” and attach them to the front of the return.

Note If you are paying electronically **do not** complete and attach a payment voucher.

You should also **enter the amount you are paying in the box located on the top of Page 1** of the Form IL-1065.

We encourage you to let us figure your penalties and interest and send you a bill instead of determining these amounts yourself. We will compute any penalty and interest due and notify you. See General Information, “What are the penalties and interest?”

Step 10 — Signature, date, and preparer’s information

You must sign and date your return. If you do not sign your return, it will not be considered filed and you may be subject to a **nonfiler penalty**.

If you want to allow the preparer listed in this step to discuss this return with the Department, check the box. This authorization will allow your preparer to answer any questions that arise during the processing of your return, call us with questions about your return, and receive or respond to notices we send. The authorization will automatically end no later than the due date for filing your 2015 tax return (excluding extensions.) You may revoke the authorization at any time by calling or writing us.

Special Apportionment Formulas

Certain businesses that derive their income from inside and outside Illinois require a special apportionment formula. The following definitions will help in completing Step 6.

A Business income — See General Information, “Business income” under “Definitions to help you complete your Form IL-1065.”

B Financial organization — any bank, bank holding company, trust company, savings bank, industrial bank, land bank, safe deposit company, private banker, savings and loan association, building and loan association, credit union, currency exchange, cooperative bank, small loan company, sales finance company, investment company, or any person owned by a bank or bank holding company.

C Revenue miles — A revenue mile is the transportation of one passenger, or one net ton of freight, the distance of one mile.

D Federally regulated exchange — A federally regulated exchange is:

- a regulated entity as defined in 7 U.S.C. Sections 1a (40)(A), 1a (40)(B), or 1a (40)(C);
- an exchange or clearing agency as defined in 15 U.S.C. Sections 78c (a)(1) or 78c (a)(23);
- any entity regulated under any successor regulatory structure to a registered entity, exchange, or clearing agency; or
- any member of the same unitary group (determined without regard to the prohibition against taxpayers using different apportionment formulas in the same group) as a federally regulated exchange. This provision applies only if 50 percent or more of the business receipts of the unitary business group for the taxable year are attributable to the matching, execution, or clearing of transactions conducted by members of the group described in the first three bullet points above.

What if I am a financial organization?

If you checked the box in Step 1, Line E, indicating that you are a financial organization and your income is derived from inside and outside Illinois, cross out the word “sales” on Lines 40 and 41 and write “Financial organization.”

On Line 40, enter the amount of gross receipts from all sources.

On Line 41 enter the amount of gross receipts from:

- sales or leases of real property located in Illinois;
- leases or rentals of tangible personal property, to the extent it is located in Illinois during the rental period;
- interest income, commissions, fees, gains on disposition, and other receipts from:
 - loans secured by real or tangible personal property located in Illinois;
 - unsecured consumer loans to a resident of Illinois;
 - unsecured commercial or installment loans where the proceeds of the loan are applied in Illinois. If the place of application cannot be determined, the gross receipts are in Illinois if the office of the borrower from which the loan was negotiated is in Illinois. **If neither the place of application nor the office of the borrower can be determined, do not include the gross receipts in Line 40 or 41;** and
 - credit card receivables billed to a customer in Illinois.
- sales of travelers checks and money orders at a location in Illinois;
- interest, dividends, net gains, and other income from investment and trading assets and activities, where the majority of your contacts with the asset or activity is in Illinois. The state to which an asset or activity is assigned in your books and records for federal or state regulatory requirements is presumed to be proper unless a majority of the evidence shows otherwise or you do not have a fixed place of business in that state. If the place with the majority of contacts cannot be determined under these rules, the gross receipts are in Illinois if your commercial domicile is in Illinois.
- any other transaction, if the gross receipts would be included on Line 41 under the general instructions for Line 41.

For more information, see Illinois Income Tax Regulations, Section 100.3405.

Divide Line 41 by Line 40 and enter the result, rounded to six decimal places, on Line 42. Complete Lines 43 through 46 as indicated in Specific Instructions for Step 6, Figure your income allocable to Illinois.

What if I am a transportation company?

If you checked the box in Step 1, Line E, indicating that you are a company that furnishes transportation service both inside and outside Illinois, cross out the word “sales” on Lines 40 and 41 and write “Transportation.” You must apportion business income as follows:

- A Transportation by airline** — On Line 40, enter the amount of revenue miles everywhere. On Line 41, enter the amount of revenue miles in Illinois. Divide Line 41 by Line 40 and enter the result, rounded to six decimal places, on Line 42.
- B Other modes of transportation** — On Line 40, enter the amount of your gross receipts from providing transportation services. On Line 41 enter the amount of gross receipts from Illinois, as follows:
- all gross receipts from transportation that both originates and terminates in Illinois; and
 - gross receipts from interstate transportation, multiplied by a fraction equal to the miles traveled in Illinois on all interstate trips divided by miles traveled everywhere on all interstate trips.

Divide Line 41 by Line 40 and enter the result, rounded to six decimal places, on Line 42.

C Transportation of both freight and passengers or transportation by airline and other modes — Compute separate fractions for freight transportation and passenger transportation by airline and for freight transportation and passenger transportation by all other modes of transportation under A and B, in the list above and enter on Line 42 the average of those fractions, weighted by the gross receipts from freight or passenger transportation by airline or other modes, rounded to six decimal places

For more information, see Illinois Income Tax Regulations, Section 100.3450.

Complete Lines 43 through 46 as indicated in Specific Instructions for Step 6, Figure your income allocable to Illinois.

What if I am a federally regulated exchange?

If you checked the box in Step 1, Line E, indicating that you are a federally regulated exchange that is electing to use a special apportionment formula this year, and your income is derived from inside and outside Illinois, cross out the word “sales” on Lines 40 and 41 and write “Exchange.” You may apportion your business income as follows:

On Line 40, enter the amount of business income from all sources.

On Line 41, enter the amount of business income from:

- receipts attributable to transactions executed on a physical trading floor located in Illinois;
- receipts attributable to all other matching, execution, or clearing transactions. This includes, without limitation, receipts from the provision of matching, execution, or clearing services to another entity.
 - Multiply this amount by 27.54 percent (.2754) for tax years ending on or after December 31, 2013; and
- all other receipts for sales in Illinois.

Divide Line 41 by Line 40 and enter the result, rounded to six decimal places, on Line 42. Complete Lines 43 through 46 as indicated in Specific Instructions for Step 6, Figure your income allocable to Illinois.

Note → For any tax year, the Illinois apportionment percentage computed using this formula may never be less than the Illinois apportionment percentage computed for the first full tax year ending on or after December 31, 2013, for which the taxpayer used this formula.

What if I am a member of a unitary group?

The term “unitary business group” means a group of persons related through common ownership, whose business activities are integrated with, dependent on, and contribute to each other. In the case of a corporation, common ownership is defined as the direct or indirect ownership or control of more than 50 percent of the outstanding voting stock of a corporation.

If the following applies, do not file a Schedule UB: If a partnership is engaged in a unitary business with one or more of its partners, but the unitary partners do not own substantially all of the interest in the partnership, the partnership should not be included on a Schedule UB with the partners. Substantial ownership is defined as owning more than 90 percent of all the interest in the partnership. If a Schedule UB should not be filed, the partnership completes its Form IL-1065 in the same manner as a non-unitary partnership, and each unitary partner must determine the portion of its business income taxed by Illinois by adding its share of that partnership's business income and apportionment factors (Illinois and everywhere) to its own business income and apportionment factors (Illinois and everywhere). This rule applies to you if you are unitary with one or more of your partners or if you are a partner in another partnership and are engaged in a unitary business with that partnership.

If the following applies, you must file a Schedule UB: If you are a partnership who is a shareholder in a corporation and are engaged in a unitary business with that corporation, or if you are owned more than 90 percent by members of a unitary business group (determined without regard to the rule prohibiting taxpayers who use different apportionment formulas from being included in a unitary business group and the rule prohibiting taxpayers conducting 80 percent or more of their business activities outside the United States from being included in a unitary business group), you are required to use a Schedule UB to apportion your business income. See the instructions for the Schedule UB for more information. Once the Schedule UB has been completed, you must apportion your business income as follows:

On Line 40, enter the “everywhere” sales factor of the entire unitary business group from Illinois Schedule UB, Step 4, Line 2, Column D. On Line 41, enter only your Illinois sales (including your share of sales of any unitary partnerships in which you are a partner).

On Lines 44 and 45, enter your own nonbusiness income and the Illinois portion of business income from non-unitary partnerships in which you are a partner or from trusts or estates of which you are a beneficiary.

What if I want to use an alternative apportionment formula?

If the apportionment methods prescribed by IITA, Sections 304(a) through (d), and (h) do not fairly and accurately represent the market for your goods, services, or other sources of business income, or lead to a grossly distorted result, you may want to use a more accurate alternative method. If you want to use an alternative apportionment method, you **must** receive permission from IDOR **prior to** filing your return.

Note → Your request for an alternative apportionment formula must follow the requirement of Illinois Income Tax Regulations, Section 100.3390. See the regulations or contact the Department for more information.

If you receive permission to use an alternative formula, you must attach to your Form IL-1065 a copy of the letter granting permission.

Illinois Schedule B Instructions

General Information What's new for 2014?

Illinois Schedule B has been redesigned for tax years ending on or after December 31, 2014. Read these instructions carefully in order to complete Illinois Schedule B correctly and to avoid unnecessary delays in the processing of your return.

Read this information before completing Illinois Schedule B.

- You **must** complete all Schedule(s) K-1-P and Schedule(s) K-1-P(3) (or Schedule(s) K-1-P(3)-FY), as applicable, for your members before completing Illinois Schedule B. The information reported on those schedules will be used to complete Illinois Schedule B. See Schedule K-1-P(1) for more information.
- You **must** complete Step 2 of Illinois Schedule B and provide all the required information for your members before completing Step 1 of Illinois Schedule B. Step 1 reports total amounts from Step 2, and is required to be completed in full in order to avoid processing delays, further correspondence, or delays in the processing of any overpayments.

What is the purpose of Illinois Schedule B?

The purpose of Illinois Schedule B, Partners' or Shareholders' Identification, is for you to identify any person who was a partner or shareholder at any time during your tax year.

The Illinois Schedule B also allows you to identify your partners or shareholders that are subject to the Illinois Personal Property Tax Replacement Income Tax and to figure the share of distributable income or loss that is to be added to or subtracted from your base income.

In addition, Form IL-1023-C and Form IL-1000 have been eliminated for tax years ending on or after December 31, 2014. The amounts that would have been reported on behalf of your members on these forms must be reported on your Illinois Schedule B. The Illinois Schedule B has been redesigned for tax years ending on or after December 31, 2014, to report

certain items of income and credits reported to your partners or shareholders, and pass-through withholding payments made on behalf of your nonresident partners or shareholders. For a definition of resident and nonresident partners or shareholders see “What is a resident” and “What is a nonresident?” below.

Is Schedule B required?

Yes. You are required to have a copy of this form on file. You **must** attach a copy to your Form IL-1065, Illinois Partnership Replacement Tax Return, or your Form IL-1120-ST, Illinois Small Business Corporation Replacement Tax Return, to support the addition modification claimed on Form IL-1065, Step 4, Line 21 or Form IL-1120-ST, Step 4, Line 20, or the subtraction modification claimed on Form IL-1065, Step 5, Line 27, or Form IL-1120-ST, Step 5, Line 24.

In addition, Illinois Schedule B has replaced Form IL-1023-C and Form IL-1000 for tax years ending on or after December 31, 2014, and supports the amount reported on Form IL-1065, Step 8, Line 59, and Form IL-1120-ST, Step 8, Line 58, as pass-through withholding payments reported on behalf of your nonresident members. Therefore, you **must** follow the instructions for Illinois Schedule B, complete it in full, and attach it to your return.

Note → You must use forms prescribed by the Illinois Department of Revenue. Separate statements not on forms provided or approved by the Department will not be accepted and you will be asked for appropriate documentation. **Failure to comply with this requirement may result in the delay of processing your return or generating any overpayment.** Additionally, failure to submit appropriate documentation when requested may result in a referral to our Audit Bureau for compliance action.

Partnerships and S corporations must complete Illinois Schedule B. Do not send a computer printout with line numbers and dollar amounts attached to a blank copy of the schedule. Computer generated printouts are not acceptable, even if they are in the same format as the Department's forms. Computer generated forms from a Department-approved software developer are acceptable.

What is a resident?

A resident is

- an individual who is present in Illinois for other than a temporary or transitory purpose;
- an individual who is absent from Illinois for a temporary or transitory purpose but who is domiciled in Illinois;
- the estate of a decedent who at his or her death was domiciled in Illinois;
- a trust created by a will of a decedent who at his or her death was domiciled in Illinois; or
- an irrevocable trust, whose grantor was domiciled in Illinois at the time the trust became irrevocable. For purposes of this definition, a trust is irrevocable to the extent that the grantor is not treated as the owner of the trust under Internal Revenue Code (IRC) Sections 671 through 678.

What is a nonresident?

A nonresident is a person who is not a resident, as previously defined. Corporations, S corporations, partnerships, and exempt organizations are considered nonresidents for purposes of Illinois Schedule B.

What do Step 2, Columns G through J report?

Columns G through J report certain items of income, credits, and pass-through withholding payments you reported to your nonresident members on the Schedule K-1-P you issued to them.

How do I determine the amounts to report in Step 2, Columns G through J?

Before completing Illinois Schedule B you must complete Schedule(s) K-1-P and Schedule(s) K-1-P(3) (or Schedule K-1-P(3)-FY) for each of your nonresident members, as applicable. The amounts reported on those schedules will be used to complete Illinois Schedule B, Step 2, Columns G through J.

Note → Your tax year ending date will determine whether you will use Schedule K-1-P(3) or Schedule K-1-P(3)-FY and what tax rate your nonresident members are subject to for pass-through withholding payments.

See Schedule K-1-P(1) for instructions and more information about Schedule K-1-P(3) and Schedule K-1-P(3)-FY.

Column H — Total the amount you reported on Step 3, Line 13, and Step 3, Line 16, of the Schedule K-1-P(3) or Schedule K-1-P(3)-FY you completed for this member. Enter that amount on Column H for this member. This amount is this member's pass-through withholding before credits.

Column I — Total the amount you reported on Step 3, Line 14, and Step 3, Line 17, of the Schedule K-1-P(3) or Schedule K-1-P(3)-FY you completed for this member. Enter that amount on Column I for this member. This amount is this member's distributable share of credits.

Column J — Enter the amount of **pass-through withholding payments** that you made on behalf of each partner or shareholder and reported to them on Schedule K-1-P, Step 7, Line 54.

Note — This should match the amount reported on Step 3, Line 19, of the Schedule K-1-P(3) or Schedule K-1-P(3)-FY you completed for this member.

If you have more than six partners or shareholders to report, and additional space is needed, complete and attach additional pages of Illinois Schedules B, Step 2. After you have completed Step 2, listing all required amounts for your members, complete Illinois Schedule B, Step 1.
