

Illinois Retailers' Occupation Tax is imposed upon gross receipts from the sale of tangible personal property to end-users and no deductions shall be taken by a taxpayer from gross receipts on account of the cost of the property sold, the cost of materials used, labor costs, or any other expense whatsoever. See 86 Ill. Adm. Code 130.410. (This is a GIL.)

September 30, 2011

Dear Xxxxx:

This letter is in response to your letter dated September 20, 2011, in which you request information. The Department issues two types of letter rulings. Private Letter Rulings ("PLRs") are issued by the Department in response to specific taxpayer inquiries concerning the application of a tax statute or rule to a particular fact situation. A PLR is binding on the Department, but only as to the taxpayer who is the subject of the request for ruling and only to the extent the facts recited in the PLR are correct and complete. Persons seeking PLRs must comply with the procedures for PLRs found in the Department's regulations at 2 Ill. Adm. Code 1200.110. The purpose of a General Information Letter ("GIL") is to direct taxpayers to Department regulations or other sources of information regarding the topic about which they have inquired. A GIL is not a statement of Department policy and is not binding on the Department. See 2 Ill. Adm. Code 1200.120. You may access our website at www.tax.illinois.gov to review regulations, letter rulings and other types of information relevant to your inquiry.

The nature of your inquiry and the information you have provided require that we respond with a GIL. In your letter you have stated and made inquiry as follows:

I recently had a client inquiring about whether or not a percentage fee can be charged on a consumer transaction after the tax has been assessed.

If there is a regulation or statute which regulates this, I would appreciate knowing where it could be found.

DEPARTMENT'S RESPONSE:

The Illinois Retailers' Occupation Tax Act imposes a tax upon persons engaged in this State in the business of selling tangible personal property at retail to purchasers for use or consumption. See 86 Ill. Adm. Code 130.101. In Illinois, Use Tax is imposed on the privilege of using, in this State, any kind of tangible personal property that is purchased anywhere at retail from a retailer. See 86 Ill. Adm. Code 150.101. These taxes comprise what is commonly known as "sales" tax in Illinois.

Illinois Retailers' Occupation Tax (sales tax) is imposed upon gross receipts from the sale of tangible personal property to end-users and gross receipts is defined to mean all the consideration received by sellers valued in money whether received in money or otherwise, but not including the value of or credits given for like kind traded-in property.

In computing Retailers' Occupation Tax liability, no deductions shall be made by a taxpayer from gross receipts or selling prices on account of the cost of property sold, the cost of materials used, labor or service costs, idle time charges, incoming freight or transportation costs, overhead costs, processing charges, clerk hire or salesmen's commissions, interest paid by the seller, or any other expenses whatsoever. Costs of doing business are an element of the retailer's gross receipts subject to tax even if separately stated on the bill to the customer. See 86 Ill. Adm. Code 130.410.

Generally, fees, charges and surcharges are costs of doing business subject to the tax. If the purchaser cannot escape the fee or does not have the option of whether or not to pay the fee, an inseparable link exists between the purchase of the item and the percentage fee. See *Nancy Kean v. Wal-Mart Stores, Inc.*, 235 Ill. 2d 351, 919 N.E.2d 926 (2009).

I hope this information is helpful. If you require additional information, please visit our website at www.tax.illinois.gov or contact the Department's Taxpayer Information Division at (217) 782-3336.

Very truly yours,

Richard S. Wolters
Associate Counsel
