Taxpayers can check on the status of a refund, review correspondence sent by the Illinois Department of Revenue, and much more! For security purposes, and to get the most use from MyTax Illinois, most features require you to create a MyTax Illinois account. However, some features do not require a MyTax Illinois account such as:

- registering a new business
- looking up tax rates with our Tax Rate Finder
- searching the statewide Tax Lien Registry
- verifying a registered business or sales tax exemption number
- verifying a bingo, pull tabs, or charitable games license
